control of aphids and caterpillars

USE PESTICIDES SAFELY / READ THE LABEL

INSTRUCTIONS FOR USE

When and where to use: Plant Pest Killer RTU is a broad spectrum insecticide for the control of insect pests such as aphids and caterpillars on roses and other ornamentals. Do not apply when bees are actively foraging (use early in the morning or late in the evening).

How to use: Spray plants thoroughly, including the underside of the leaves.

Crop	Application rate	Maximum number of treatments	Minimum interval between treatments
Ornamental plants	300ml treats 3 to 6 m ²	2 per year	10 days

SAFETY INSTRUCTIONS

Protection during/in use

Do not eat, drink or smoke when using this product.
WASH HANDS AND EXPOSED SKIN AFTER USE.

IF YOU FEEL UNWELL, seek medical advice (show the label where possible).

Environmental protection

Harmful to aquatic life with long lasting effects.
Avoid release to the environment.
Dangerous to bees. To protect bees and pollinating insects do not apply when plants are in flower or when flowering weeds are present. Do not use where bees are actively foraging. Use early in the morning and late in the evening. Do not contaminate water with product or its container. Direct application away from ponds and other surface water bodies.

Storage and disposal

Keep out of reach of children.
KEEP AWAY FROM FOOD AND DRINK.
KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place.
DO NOT RE-USE THIS CONTAINER FOR ANY PURPOSE.

Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of by recycling. Contact your local council for details.

To avoid risks to human health and the environment, comply with the instructions for use.

FOR USE ONLY AS A HOME GARDEN INSECTICIDE
