Vitax Limited

100% NATURAL
NO ARTIFICIAL CHEMICALS

An organically approved fertiliser made from natural plant-based ingredients. This concentrated plant food is rich in all the natural nutrients plants need for vigorous growth and is suitable for vegan gardeners.

HOW TO USE

Shake the bottle before use. Dilute 1 capful (20ml) in 4 litres of water apply using a watering can to soak the soil around the base of each plant.

WHERE TO USE

Use on flowers, shrubs, fruits and vegetables all around the garden and in the greenhouse. Start feeding in the spring when plants are actively growing and continue feeding until late summer.

HOW OFTEN TO APPLY

Flowers, shrubs, fruit and vegetables in soil or pots: feed weekly.

Vigorous plants such as tomato, courgette, potato and cabbage: feed weekly.

Leafy salads, carrots and onions: feed every 2-3 weeks.

Fertiliser analysis

UK: Compound fluid fertiliser NPK 6 – 2 – 4
Nitrogen (N) total 6%
Phosphorus Pentoxide (P₂O₅) total 2% (0.9%P)
Phosphorus Pentoxide soluble in water 2% (0.9%P)
Potassium oxide (K₂O) total 4.0% (3.3%K)
Potassium oxide (K₂O) soluble in water 3.5%

IRL: Low Nutrient Fertiliser NPK Compound with Organic Material 6 – 0.8 – 3.3
Nitrogen (N) total 6%
Phosphorus (P) total 0.9% P
Phosphorus soluble in water 0.9% P
Potassium (K) soluble in water 3.3%

Storage & Advice

Wash hands after use and wash splashes from skin.
Do not keep diluted feed.
We recommend using gloves when gardening.
Store out of direct sunlight, in a cool dry place between 0°C and 30°C.
Keep the concentrated plant food out of the reach of children and pets.
Avoid over-watering or allowing plants to dry out as this can cause damage to the roots.
