

# BONSAI

**SOLUBLE FEED**

*A specially balanced feed  
for healthy growth  
and stronger roots*

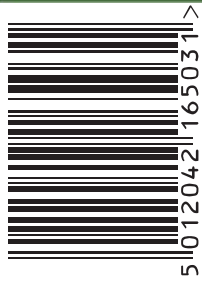

A specially developed soluble feed with relatively high phosphorus and potash levels to strengthen stems and root systems, without causing excessive lush top growth. Suitable for most species, including ericaceous or lime-hating plants.

## DIRECTIONS FOR USE

Mix 1 measure (0.5 g) of Vitax Bonsai Feed in 1 litre of water and apply during the growing season, every 2 weeks from March to October.

### EC FERTILISER

NPK Fertiliser 10:25:25 with Trace Elements		NPK Fertiliser 10:10.9:20.8 with Trace Elements	
Total Nitrogen (N)	10%	Total Nitrogen (N)	10%
of which nitric nitrogen	0.6%	of which nitric nitrogen	0.6%
